Mr. Randall has been of more service to the Depublican party in Congress than any man in it. He has dotested tariff reform. He has done his beat to make the Funding bill a nullity and a failure. He has been the perpetual source of discord in his party in the state and in the Nation.—[Philadelphia Record (Ind.)]

What we need is more vigorous partisanship in the Senate. We shall have it—against us—when the Espahlicans come, and then we can complain in vanu. It we had had more of it on our side we should have aroused a feeling which would have enabled us to have carried this State and elected our President.—[Utica Observer Dea.]

Butler loves a minority, if it be a good big
one and the majority has grown tree of him. The exWislow will be the Mrs. Micawber of the Democratic
party so long as the new object of her affection doesn't
keep her waiting too long for something to turn up. The
senatorial nomination will serve for the present, and we
should like to see the man who will be bold enough to
deny the quality of Butler's Democracy after this indersement. To enter a party by burglary, and within
three years to be cock of the walk, the "boss of the
whole business," indicates that Uncle Benjamin is a good
ways from his political dotage. We are preparing ourselves not to be surprised at anything he may achieve in
the future—except a disposition to prefer a straight line
to a crooked one.

FRYE'S SENATORIAL PROSPECTS.

From the Augusta (Mc.) Journal (Rep.)

An important conference of Senators and representatives of the second district was beid at the Hotel North last evening. Senator George D. Bisbee of Oxford presided. The object of the meeting was to consider the choice of a suncessor to fill the unexpired term of Senator Blaine, in case that gentleman accepts a position in the Cabinet. It was the unanimous opinion of all present that the Hon. William P. Frye of Lewiston should be tendered the honor, and that his nomination should be tendered the honor, and that his nomination should be made by acclamation. There will be no opposition to Mr. Frys. Mr. Wentworth of Kittery stated that he aad aged stateman ascerted that he had permanently required from political life, and was not a candidate for the position. Mainte will thus be represented in the Senate by two able and brilliant young men, while her great tender will be the premier of the Nation.

The House of Representatives devoted part of the week to the consideration of the Refunding oil. It was agreed in the Committee of the Production oil it was agreed in the Committee of the Whole that 3 per cost should be the rate of interest of the new bond; that it should run five rears and possibly for years; that the Pressury should use in the redemption of the 5 and 6 per cent bends falling due this year all the "buzzard toliars in the Pressury, now worth less than 86 cents each, and all of the gold fund held for the redemption of legal-tunder notes. If these measures had been agreed upon at a congress of limatics they would cause no surprise; but that a congress of limatics they would cause no surprise; but that a congress of in w-makers should propose to stack a rate of interest to a short bond, when the advocates of 3 per cent did not pretend that it would be practicable except in case of a thirty to fifty year bond, and should, morrover, fix upon a rate which is compatible only with the bighest credit, while dealing a thrust at the credit of the 'covernment by provisions which would lead to a suspension of payments ou the demand debt—may well cause astonishment is the minds of all who have even a dim idea of business or of honesty.

SOUND POLITICAL PHILOSOPHY.

Heavy Watterson in The Louisville Courier-Journal (Dem.)
All this talk about what Garfield is going to All this talk about what Garfield is going to do for a southern policy is pure drivel. If he be a man of sense, as I take him to be, he will have no Southern policy any more than he will have a Northern policy. All of us are gotting on pretty well; and, if we are to contience so, the Government must let pretty well alone. It was medaling and mudding that, between '65 and '75, lost the Republicans their grip. They have it back through no merit of theirs, but through the iaulis and follies of the Democrata. If they would retain it, they must behave themselves. If they would retain it, they must behave themselves. If they would retain it, they must behave themselves. If they don't do this, the Democrata will come in again. That is the long and the short of it; and, as fur as we are concerned in the South, we are, odicially, indifferent. We have put our house in ender and we propose to keep it in order. We are busy, doing well and defy sectional partisans—either the fools and bigots among ourselves or the fools and bigots of the North—to hurt or binder us. The South is as independent as a wood-sawyer. As time passes this will appear in many practical shapes; in substantial and solid improvements; in larger intercourse with the world; in better understanding of home interests, material and spiritual; in moral emanelpation, wherein the spelling-book and arithmetic will make geography a sight to see. The South says to the North:

"My name's Crummy, and it is going to have it, and pienty of it, bless the

Telegraph consolidation received some attention in the Assembly yesterday.

GENERAL GRANT'S VISIT. BRIEF ADDRESS TO THE HIGH SCHOOL STUDENTS-

GOING TO TROY. ALBANY, Jan. 20 .- General Grant to-day visited the High School, and was handsomely entertained with a programme of special exercises. In response to an address by Charles P. Easton, President of the Board of Public Instruction, General Grant said: Students of the Albany High School: I am very much pleased to meet you here to-day. Although I assured the Superintendent of Public Instruction that I would not say a word, I have to say that I am glad to see you so well provided with the auxiliaries of-education as you are here, and I hope that your future development will prove commensurate with the facilities you have before you.

President Easton introduced Governor Cornell to

the school, when the Governor said: the school, when the Governor said:
Students of the Albany High School: It gives me shoere pleasure to be with you to-day with our illustrious guest, except that I am embarrassed and overwhelmed by the kind words of your president. I believe that the best interests of the country will be promoted faster and more completely by a thorough education of the coming generation than in any other way. I would make education absciutely free and place it in the reach of all. With the good advantages which this State offers it is only necessary that the shildren so provided for should reap their benefits.

This afternoon General Grant was received by the Grant Club, and from 3 c'clock to 5 c'clock p. m. a public reception was given by General and Mrs. Grant at the Executive Mansion, and many ladies and citizens paid their respects. This evening General and Mrs. Grant dined at the residence of Erastus Corning, with a small party of citizens and their wives. Later the General visited the Grand Army Headquarters. To-morrow he will go with Governor Cornell to Troy. Returning in the evening, he will remain here over night and leave for New-York on Saturday morning.

TAXATION AND ECONOMY. TWO CO MMISSIONS ON TAXATION PROPOSED-THE

NEW-YORK EXTRAVAGANCE. IBY TELEGRAPH TO THE TRIBUNE. I

ALBANY, Jan. 20 .- Assemblyman Steele intends to call up on Monday the concurrent resolution offered by him authorizing the Governor to appoint a commission to revise taxation laws. This project to secure at once the passage of the resolution is strongly approved by former members who perceived in 1880 the incompetency of the Legislature to amend properly the laws on taxation. They fear that if the proposed commission is not appointed soon it may be superseded in advance by the appointment of a legislative committee to do the same work. The resolution for the appointment of such a com

mittee was passed by the Assembly and amended by the Senate so as to increase the number of members on the committee, and is now again be fore the Assembly for approval. It is Mr. Steele's plan to have the Governor's Commission and the Legislative Committee cooperate in the work of revision; both resolutions, therefore, will be pushed

Senator McCarthy having secured ten days' grace yesterday for the report of his committee on the recent investigation as to the cost of the Government of New-York, the subject of a reduction of expenditures in New-York is much discussed among the members. Hitherto little interest has been shown in the subject. Much of Sonator McCarthy's report, it is said, will be written by John H. Strahan. This portion of the report, it is stated, will criticise as highly extravagant the exstated, will criticise as highly extravagant the expenditures of nearly every department in the City Government. Inquiry among members of the committee shows that while not agreed that all the departments of the New-York City Government should be reduced to one-headed commissions, there is an agreement as to the wisdom of reducing the number of Commissioners in many of the departments, and also that there is room in almost every department for cutting down its expenses. The testimony taken is not yet all in print, and therefore the committee has not met as a body to consider its report. It is agreed, however, "that greater economy in the city departments shall be strauously advocated."

PINOLA ON CONSOLIDATION-SEVERAL PETITIONS SUBMITTED-A NEW RAILROAD BILL.

[FROM THE REGULAR CORRESPONDENT OF THE TRIBUNE.] ALBANY, Jan. 20 .- The consolidation of the telegraph companies was debated in the Assembly for a few moments this morning. Yesterday Senator Schroeder introduced a bill in the Senate forbidding the consolidation in the future of competing lines. Assemblyman Spinola a few days before introduced a preamble denouncing in extravagant terms the late consolidation, and a resolution calling upon the Committee on General Laws to draw up a bill preventing such sinfulness on the part of business men for all time to come. To-day he called up the preamble and resolution, and with a lofty wave of the hand said that he did not care to debate them, and presumed that the iniquity of the telegraph companies was so apparent that they would be passed at once by the Assembly. Mr. Alvord said mildly that he saw nothing objectionable in the resolution, but he did object to the denunciatory preamble, which would put the Assembly in the position of foreclosing judgment on the consolidation of the telegraph companies. He moved that Spinola at once launched into a speech in reply. He situded to the consolidation as an "outrageous infamy upon business interests," and said that prompt action to prevent " the consummation of the outrage " was neces sary. He protested against striking out the preamble. Mr. Alvord again objected to the passage of the pream-ble. Mr. Niles suggested that the words "alleged to be" be put before the words " detrimental to business interests" in the resolution. Mr. Spinoia mournfully accepted the amendment and then saw the preamble struck out on motion. He then muttered: "Well, I am satisfied To get the matter before a committee was my object. The merchants will come before it fast enough." There was a stream of petitions; some of them calling

the attention of the Legislature to strange subjects. Thus some residents of Buffalo struck at the Buffalo Grape Sugar Company, manufacturers of glucose, whose profits are reported to have been enormous. The petiopera declared that in a recent trial it was shown in evisugar and cane molasses, which was largely thrown upon the market; that the comparative value of cane sugar in its sweetening properties as in the ordinary sugar of commerce exceeds grape sugar in the ratio of 5 to 2." Furthermore, the petitioner said: "The mixture of glucose or grape sugar with cane sugar is so decoptive to the eye and touch that we, your petitioners, respectfully ask the Legislature to pass a law that every manufactory of grape sugar shall mark every case, barrel, or package in large letters, grape sugar, and every person who mixes said grape sugar with case augar shall mark in large letters, grape sugar, and every person who mixes said grape sugar to the proportion of case sugar and the proportion of proportion of case sugar and the proportion of income acade shall mark in large letters, grape sugar, and every person who mixes said grape sugar to the Rev. Ark side and if not so marked the sale and delivery shall be deemed to be uniawful.

A large number of canal boatmen sent a petition praying for the repeal of the charter of the New-Xork Sideam Cable Towing Company. This company tows canal-boats, under the Buggian towing spicer, with cables, on the Eric Canal, for a distance of 135 miles. The boatmen declare that the system is a failure; that "its workings have now been fully tested, and it pas been found by those navigating toe canal to be impracticable on account of the constant detentions and serious damnages received by both boats and cargoes in its immediate charge, as well as those towed in other was."

The secretary of the New-York Dairymen's Association, declaring "it to be the duty of the Legislature to fix by law, maximum rates of charges on the several classes of freight carried on railways between stations within this State, and that while we do not wish to hinder the railway corporations in competing for Western business, we do most that they shall not make up losses, or supposed losses, on such business by exterionate charges to our own citizens."

Several petitions were received for the establishment of reformatories for women. Mr. Browning introduced a bill for the establishment of a State Home for the Blind, which was necessaried for the establishment of a State Home for the Blind, which was necessary of make the formation to the formation transmitted a reaction tr cane sugar is so deceptive to the eye and touch that we, your petitioners, respectfully ask the Legislature to pass

The following bills were introduced to-day in the

Senate: By Mr. Strahan—Relative to the care of animals. By Mr. Hogan—To prohibit the vivisection of animals. By Mr. Schroeder—Making the office of County Clerk of Kings County a salaried office, pay \$5,000 per County Treasury. By Mr. Williams-To protect the rights of holders of life insurance policies. It provides that no policy of life insurance hereafter issued by any insurance company shall be rendered invalid by reason of an untrue statement in the application for such pol-icy, or which may be made by, or on behalf of, the as-sured, unless such untrue statement relate to a material fact; nor shall any such statement, unless the same re-late to a material fact, be held or regarded as a war-

In the Assembly, the following bills, in addition to those named, were introduced: By Mr. Brooks-Relative to the rates of fare on certain railroads. By Mr. Pinney-Amending the act to facilitate the construction of the New-York and Oswego Midiand Railroad. By Mr. Dougherty—To regulate charges for ferriage by the East Thirty-fourth Street Ferry, on the East River.

Mr. Brooks's bill in relation to rates of fare upon certain railroads is as follows :

Ant. Process of the relation to takes of three upon cartain railroads is as follows:

SEC. 1. Any railroad company, created by the laws of
this State, whose main line does not exceed fifteen miles
in length, and does not enter or traverse the limits of
any incorporated city, and does not form a part of any
connection line, may collect and receive fare at the rate
of 5 cents ench, from any and all passengers travelling
upon its road, a distance of one mile or less, but nothing
herein contained shall be deemed to authorize such
railroad company to collect or receive fare from
passengers travelling upon its road a distance of more
than one mile at a greater rate than 3 cents for each
mile or fraction thereof travelled by them.

Mr. Pinney's bill, relative to the New-York and Oswego
Midiand Railroad, has reference to the town, city and
county bonds, and provides that in case such bonds cannot be purchased or redeemed at par, the Commissioner,
or Commissioners, may apply the proceeds of the sales
of stock to the payment or redemption of the coupons
issued with said bonds.

THE STATE BOARD OF CHARITIES. IMPORTANT REFORMS NOTED-RETURNS WITHHELD

-IMMIGRATION. ALBANY, Jan. 20 .- The fourteen th annual reort of the State Board of Charities was sent to the Legislature to-day. Referring to the organized agencies

operating in the reduction of pauperism it says: The poor-bouses throughout the State in 1868 were generally defective, both as regarded their construction and management, so that instead of meeting their true objects and purposes, they had become in fact largely the abodes of the idie, vicious and debased, and the nurseries of vagrancy, paupersm and crime. At the same time the expenditures had assumed enormous proportious, and become grievously burdensome to the public.

In most of the counties the authorities have cheerfully In most of the counties the authorities have cheerfully carried out the recommendations of the Board, and the needed improvements have been secured, but in a few of them, it is to be regretted, little or no improvements as yet have been effected. Although much still remains to be done in this State, to secure to the poor 'the standard of treatment and care dictated by humanity and a wise public economy, the results thus far attained have, upon the whole, been fairly satisfactory. It is gratifying to be able to add that the improvements secured have been effected without increasing the public burdens; but, on the contrary, considered proportionately to the population, the expenditures, as has been shown, have been largely diminished.

Regarding the uniform accounting of State charitable Regarding the uniform accounting of State charitable

institutions, the report says :

Regarding the unitorm accounting of State charitable institutions, the report says:

The plan adopted by the Board of requiring from the institutions of the State uniform accounts, covering the months of each year, corresponding with the fiscal year of the State, ending September 30, with supplementary itemizations and details, was brought into complete operation for the first time for the full year, October 1, 1880, the reports for 1879 in some instances being only for a portion of the year. In consequence of the omission or failure of the managers of the State Lonatic Asylum at Utica to comply with repeated requests to forward to this Board its itemized report as has been done by all of the other State institutions, the expectations formed of the plan have thus far been deteated. The form of the mized return of expenditures was carefully prepared by thus Board, and is no more minute than is required of the institutions of Illinois and many other States, and is in humony with the wishes of those who centribute by taxation to the support of these institutions to know fully how the funds appropriated to them by the Legislature are expended. We know that builts information in this direction is especially desired by chilesus in all parts of the State, and we feel that twould be of great value to the Legislature, when considering its appropriations to its obstitute. The authority to collect this information is expressly given to the Board under Chapter 574 of the Laws of 1873. The defeat of the measure by the non-convolunce with the request of the Board, under the statute, by one institution of his State, is a matter of such importance institution of the State, is a matter of such importance institution of the State, is a matter of such importance in the very process.

OLIVER LOSES VOTES. TWO BALLOTS TAKEN BY THE PENNSYLVANIA LEG-MALATURE, WITHOUT DECISIVE RESULT-RUMORS AND FEELING AT HARRISBURG, INT TELEGRAPH TO THE TRIBUNE.]

HARRISBURG, Penn., Jan. 20,-The meeting of the Joint Convention of House and Senate, to continue balloting for United States Senator, attracted a large assemblage to the hall of the House of Representatives at noon to-day, and the calling of the roll was watched with increased interest. Two ballots were taken and considerable excitement prevailed when Representative Clark, of Philadelphia, who has hitherto voted for Oliver, rose in his place and cast his vote for A. Louden Snowden, of Philadelphia, Representative Huhn followed his example. Senator George B. Lawrence, a supporter of Mr. Grow, paired off with Senator Boggs, an Oliver man, and Senator Wolverton, who intended voting for Wailace, paired off with Senator Royer, who voted for Oliver. The result of the first ballot gave Oliver 91 votes; Wallace, 92 Grow, 55; Baird, 1; Snowden, 2: Brewster, 1; Mac-Veagh, 1; and Agnew, 1. The next ballot reduced Oliver's vote to 88, and Grow's to 54. Montgomery. of Mercer County, a lukewarm Grow member, voted for Governor Hoyt; and Seeley, of Luzerne, one of the most thoroughly instructed supporters of Mr. Grow, who fell a victim to the machine caucus, where he voted for Oliver every time, also cast cast his vote for Hoyt on this ballot.

The result shows a loss of five votes Oliver and one for Grow to-day, but they may recover them to-morrow. The Senators and members who have show a firm adherence to Mr. Grow in this struggle have been utterly ignored in the appointment of the important committee on appointment. The Democrats met in caucus this evening to discuss their probable action in this emergency, with a view to breaking the deadlock, but they did not arrive at any conclusion, Mr. Randall is expected here from Washington to-night and his pres-

pected here from washington to-night and his presence may have some significance in connection with the complicated state of affairs.

There is a good deal of mystery at headquarters, and it is thought that the managers are hatching a cosp d'elat, but it is hardly probable that they will break the deadlock with Democratic aid this week. The supporters of Mr. Grow are in excellent spirits, and determined to maintain their present attitude for an indefinite period.

QUIET RESTORED AT TRENTON. THE REPUBLICAN NOMINEE FOR SENATOR ENTER-TAINS HIS FRIENDS-THE ELECTION NEXT TUES-

PROM THE REGULAR CORRESPONDENT OF THE TRIBUNG.] TRENTON, N. J., Jan. 20 .- The excited crowds that last night filled every hotel and made sleep almost impossible have departed. General Sewell, the Republican nominee for United States Senator, entertained a large number of guests last evening after the caucus, and this morning returned to Camden, where a hearty reception awaited him. General Sewell is at present State Senator from Camden County, and will probably conclude his term as a New-Jersey legislator, unless the Legislature remains in session until after the 4th of March, when he will take his seat in the United States Senate.

The regular election will take place on Tuesday next at noon. The nominee will immediately after. as chairman of the Committee on Municipal Cor-porations of the Senate, hear delegations concern-ing the general act for the government of cities, which is in the committee's hands.

BALLOTING IN TENNESSEE. NASHVILLE, Tenn., Jan. 20 .- The fifth joint ballot for United States Senator stood as follows: Maynard, 38; Bailey, 23; Bate, 25; R. C. Taylor, 3; H. Lawson, 4; Smith, 4; Muse, 1; Edwards and Wilson, 1. Six additional ballots were taken without reaching any decisive result. The eleventh ballot stood as follows: Maynard, 35; Bate, 31; Bailey, 14; Harrison, 5; W. M. Smith, 4; Bright, 8; R. M. Taylor, 2; Edwards, 1; D. B. Thomas, 1.

RUMORS OF CONSOLIDATION. THE REPORT ABOUT THE UNION PACIFIC AND CEN-

TRAL PACIFIC DENIED. A rumor that the Union Pacific and Central Pacific Railroad Companies had consolidated, or that an arrangement for their consolidation was on the eve of completion, was revived yesterday. C. P. Huntington, vice-president of the Central Pacific Boad, was called on at his house by a TRIBUNE reporter and questioned in regard to the rumor."

"There is so far as I know nothing new in the mat-

ter," replied Mr. Huntington. "No new movement has been made for two or three mouths. At that time a proposition was made but it came to nothing; I then bdrew the offer I had made.

" You refer to the proposition which was submitted t Frederick L. Ames and the other Boston directors ?" "Yes; Mr. Ames met us and we discussed the advis ability of consolidating the two roads. There can be r doubt but that it would be to the advantage of both interests to have a consolidation but the Union Pacific peo-ple don't seem to know exactly what they Mr. Ames- took home with draft of a proposed agreement, and on following day it was published in The Boston Traveller. They used it only to 'bull' their stock. Within the last few days some persons have called me and have talked indefinitely about consolidation but they 'had not the papers,' and being unauthorized, their talk amounted to nothing. Mr. Gould in formed me a few days ago that sold all his stock in the Union sold all his stock in the Union Pacific Company. This is to be regretted, because I have always found Mr. Gould to be a good man to meet under circumstances similar to those in which the couselidation of the two companies is to be discussed. He always knows what he wants, and so do I. Under such circumstances terms are soon reached. But at present there is no propect of a consolidation scheme being carried out."

That there was any tauth in the report was denied last evening by the friends of the Union Pacific Company, who declared that the negotiations abundance some time ago had not been resumed. It was not impossible, it was said, that there had been some informal talk about the matter, but nothing certainly had been accomplished.

A GOOD CHANCE FOR SPECULATION. The cutting of rates begun by the Pennyivania Railroad Company several weeks ago in order o control the immigrant passenger traffic through Castle Gargen, assumed a new feature yesterday. The first reduction made was 20 per cent. Subsequently a reduction of 30 per cent was made, and yesterday the ticket agents or "bookers" in Castle Garden were authorized to sell tickets over the Pennsylvania road, to competin points, at 40 per cent below the schedule rates for thirdlass passengers who buy their tickets at Castle Garden This reduction does not apply to outside offices, but it is said that other people than immigrants are getting the benefit of the reduction. It is asserted that speculators, generally known as "scalpers," visit Castle Garden upon the arrival of immigrants and employ them to purchase tickets to points beyond Pittsburg-where local rates out-and then take them to outside offices where they sell them at rates below the schedule an make a fair profit. he funded debt smounts to \$7,500,000 first mortgage bonds. Of these it is intended to reserve \$4,000,000 to provide for ourstanding mortgaces on the separate eads: the remainder will be used in the completion of the company's lines. It is proposed to offer to the the company's lines. It is proposed to offer to the present bondholders the privilege of exchanging their bonds for the new bonds at par. The entire bonded debt of the new company will be about \$21,000 a mile. The lines of the consolidated company excited from liveton, on Lake Eric, to Oil City; from Oil City to Irvincton and to Salamatea, with a branch to Bradford. The line from Brocton to Buffalo has been surveyed, and contracts for its construction, it is said, with the left immediately. The fine will be nearly parallel with that of the Like Shore Read. The entire lenk of the road when completed will be 294 miles.

The officers of the new company are C. H. Clark, of E. W. Clark & Co., J. W. Jones, R. K. Jamieson & Co., George F. Tyler, E. A. Rollins, president of the centennial National Bank, and Harold M. Sill, Philadelpila; F. W. Mutchell, Farklin, Ponn.; C. & mercy, New York, and Archer N. Martin, Summit.

SALE OF AN UNPROFITABLE ROAD.

MILWAUKEE, Jan. 20 .- The Green Bay and Munesota Railroad was sold by United States Mar-shal Fink this afternoon to John S. Blair, of New-Jersey, one of the largest bondholders of the road, for \$2,000,000. Mr. Blair says the road has never been profitable, all the surplus being eaten up in improments. The interest now due is \$1,051,002 on first, and \$289,085 on second bonds. The total bonded debt \$5,085,350. The company operates 219 miles of road A meeting of stocknoders will be held shortly, the road will be given a new name, new bonds will be issued, an the road will be extended and made profitable.

A LECTURE BY CHAUNCEY M. DEPEW.

A large and attentive audience gathered in the chapet of the Adelphi Asademy, at Lafayette-ave, and St. James-place, Brooklyn, last evening, to hear a lecture by Chauncay M. Depew. His subject was "Major Andre and His Captors." The topic had before been treated by Mr. Depew, who delivered the address at the unveiling of the Andre monument at Tarrytown last fall. Too lecturer was introduced by Professor S. J. Taylor, principal of the Academy. Mr. Depew said near the close of his address: "Andre's ctory is the one the close of his address: "Andre's story is the one overma-tering romance of the Revolution. What had he done to merit this immortality! Had he succeeded, his name would have been excerated. But his untimely end, his calm courage, his early love and disappointment, have surrounded him with a halo of poerty samplify. He secured a fame and recognition which all the generals he served under failed to gain. The captors of Andre were rewarded and honored in their lives, and are embalmed in the memories of their countrymen. Their story is not one of battle; their death was not the heiro's; but their deed will be rehearsed through all succeeding centuries."

CHICAGO IN A FOG.

CHICAGO, Jan. 20 .- Numerous accidents are ported as a result of the dense fog which prevailed in the take region tast night. In this city it was so dense that the lighted street lamps were almost invisible across the streets. The Milwaukee express train struck palace car of another train at Oak Gien. Mrs. A. B. Cook, of Chicago, was severely scalded about the face and arms, and three other persons were slightly injured. and arms, and three other persons were alignity injured. Willam Piper, a switchman, was killed at the Thirty-ninth and Halsted-sts. crossing. He was unable either to see or hear the approaching train.

J. J. Laughlin, while partly intexteded, lost his bearings in the fog and wandered off from Coleago-ave, upon the lake, where he fell into an air-hole. He was only saved from sinking by the fact that his inittens from the lee and held him up for nearly au hour, when he was discovered and rescued.

CALIFORNIA AND THE TREATIES.

SAN FRANCISCO, Jan. 20 .- In the State Senate at Sacramento to-day the concurrent resolutions pro-testing against the ratification of the new Chinese treaty were reported from committee. The first resolution, by Senator Glasscock, declared that there was no method to determine who were laborers from China and who were visitors, and also held that the treaty should have been couched in language that would have forever settled the matter. The second resolution, by Senator Davis, alluded to the clause in the freaty silowing Chi-aces the same privilege in the United States as the most

favored of any other nation, thus conferring upon them the right of naturalization.

The resolutions were debated during the day, the contest being almost strictly a party one, the Republicant being against and the Democrats in favor of the adoption of the resolutions. Finally, after averal motions among, strike out and substitute had been voted down. It is that the last the walk matter on the rable was taken.

URGED FOR THE CABINET.

PETITIONING GENERAL GARPIELD TO MAKE GOVER NOR FOSTER POSTMASTER-GENERAL-THE GOVER-NOR'S DISCLAIMER-POLITICIANS ANXIOUS TO BE RID OF A RIVAL

IDY TELEGRAPH TO THE TRIBUNE. MENTOR, Ohio, Jan. 20.—General Garfield to-day eccived a petition from Columbus, signed by large number of politicians and business men, asking that Governor Foster be appointed to a place in the Cabinet. A letter was also received from Governor Foster protesting against the officious of his friends, and declaring that he was not responsible in any way for their action. The explanation of this matter is that no other

Ohio man has any hope of a Cabinet office. while several of them do aspire to the Governorship, and others hope for foreign missions. Their greatest desire, just now, is to get Governor Foster out of their way. The very men who appealed to him a few weeks not to be a candidate for Senator, be cause he will be needed to run again for the Governorship, are now declaring that his services are needed at the head of the Post Office Departme They have already concluded that somebody else can lead the Republican party to victory in the Gubernatorial race of next fall.

The prediction made some time ago that Govern The prediction made some time ago that Governor Foster would take a foreign mission is still adhered to. There is only one first-class mission for an Ohio mau. There are several men who want it besides Governor Foster. Naturally they join with those who seek the nomination for Governor in trying to lay Governor Foster away anusly on a Cabinet shelf, but it is not likely that they will succeed. The confident talk in various newspapers about Foster for Postmaster-General is inspired by these men. Governor Foster and General Garfield have given no occasion for such talk.

DESCRIPTION OF THE PORTRAIT DESIGNED FOR THE WHITE HOUSE BY THE WOMEN'S NATIONAL TEM-

PERANCE UNION. CINCINNATI, Jan. 20 .- Mrs. Esther Pugh was called on to-day at her hotel here by a reporter, to whom she gave the following information about the life-size portrait of Mrs. Hayes which is to be placed in the White House beside the Presidents' pictures, by the Wom en's National Temperance Union, as a mark of th White House during her residence there. The frame The base of the pilaster will be exquisitely carved with laurel, the emblem of victory; the top will be oak, the emblem of power; the sides be carved with liles, the emblem of purity; the the sides ottou with English hawthorn and water lilies, the em-

blems of poetry and beauty. The picture and frame will cost \$2,750, which is a great discount from the regular price. The frame, which is being made by the Cincinnati School of Design, will be a piece of workmanship of which Cincinnati will be a piece of workmansan of water Chemical with the very proud, as it is to remain on permanent exhibition in the Capitol at Washington. The monogram of Mrs. Hayes—"L. W. H.", will be exquisitely designed in the bottom of the frame on a shield.

In snawer to a question whether she expected to receive sufficient funds, Mrs. Pugh said: "Oh, yes; judg-

rom the way in which the subscriptions are coming in. You see, people from all parts of the Nation are sending in their \$5 subscriptions in anticipation of receiving a fac simile of the picture. This latter will be sent free to every person subscribing \$5.

AN ATTACK BY A FUGITIVE.

THOMAS AMBROSE, FORMER COURT CLERK AT CIN-CINNATI, MAKES CHARGES AGAINST A JUDGE AND DISTRICT-ATTORNEY. BY TELEGRAPH TO THE TRIBUNE.

CINCINNATI, Jan. 20 .- Thomas Ambrose, the former clerk of the United States Courts for this district, who fled into exile a week ago to escape trial, has written a letter and sent it back to Cincinnati for publication The letter is full at the same time of dramatic force and savage attacks upon Judge Baxter, of the United States Circuit Court, and District-Attorney Richards. Ambross Baxier was bent on convicting him and giving District-Attorney Richards broke faith with him in placing the criminal case first on the calendar.

He also charges Mr. Richards with being guilty of over-

charges in his own accounts with the Government, for which he is indictable. Mr. Richards admits that his accounts, which cover s period of four years, contain an overcharge of \$30. which he has paid back to the Government. He believes which he has paid base to the counts in the hope of that Ambrose went over his accounts in the hope of finding some error which he could hold over his (Rich-ards's) head-and prevent him from bringing his own case to trial. The letter has created quite a sensation. It was owing to the discovery of irregularities in Am-brow's accounts that the resolution was introduced into Congress some time ago providing for an investigation of the present fee system in the United States Courts.

CHARGED WITH STEALING A CAT.

Dr. Charles E. Brown-Sequard, jr., a dentist living at Cold Spring, N. Y., was locked up at Police Headquarters last night on a charge of stealing a Maltese cat valued at \$25. He was arrested at his home yesterday and brought to this city by Officer Nicholson, of the Jefferson Market Police Court squad. The warrant for his arrest was procured by Patrick Kelly the proprietor of the liquor store at No. 1,237 Broadway, next door to Bijou Opera House. Kelly said last night the Bijon Opera House. Kelly said last night that Dr. Brown-Sequard had been in his place several times in the last year and find taken a fancy to the cat, which was kept for the amusement of customers. The animal was very pretty, and had been faught a wariety of tricks. Last Monday evening, he said, Dr. Brown-Sequard was in the liquor store, and as he was leaving the place he put the cat under his overcoat, saying playfully to the barkeeper, "If this cat is missed you will know where to find it." It was not supposed at the time that the deutist meant to take the cat away with him, but as it could not be found afterward, Mr. Kelly went to the Jefferson Market Police Court and obtained the warrant.
